140 SUNSHINE WAY, ALPHARETTA, GA 30005

COVID-19 can be spread by respiratory droplets released when people talk, cough, or sneeze. The PlexiSafe Shield acts as a physical barrier to these droplets when social distancing is difficult.

PlexiSafe Shield is a product line of J&H Equipment (www.jhequipment.com). J&H Equipment has been supplying quality industrial products to customers all over the world from Alpharetta, Georgia since 1975. We were approached by several parties who asked if we could use our manufacturing expertise to develop quality, cost effective shields for their school, office, and county court house. We were happy to apply our engineering and manufacturing resources to help fight the COVID-19 virus. Please let us know how our engineers can customize our products to meet your needs.

PLEXISAFE SHIELD

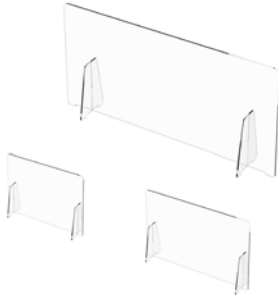

Plexisafe Shields are a great way to protect people that need to be closer than social distancing guidelines allow.

We have a variety of styles to meet your needs. We carry stock sizes and can customize our shields to fit your needs.

All PlexiSafe Shields are:

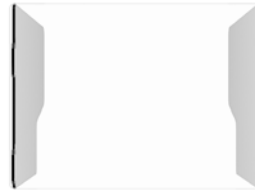

- Crystal clear 1/4" acrylic
- Lightweight
- Easy to clean
- Simple to install
- Shatter resistant

COUNTERTOP SHIELDS

- Free standing on any flat surface
- Easy assembly with two removable base stands
- Document (1.25" tall) or transaction (8" tall) slots available

DESKTOP SHIELDS

- Styles to fit student or adult desks
- Standard or extended sides for extra protection
- Document (1.25" h) or transaction (8" h) slots available

FLOOR STANDING SHIELDS

- Free standing on floor
- Can be placed side by side or at 90° to form an enclosure
- 6 ft. height

FLOOR STANDING ROLLING BASES

- Allows floor standing shields to be easily moved
- Floor standing shield fits on top of base and is secured with screws for stability
